COLOR

LOGO

NOVA carries the ground color, **PA is always gold** (Gold on navy, Gold Deep on light). Solid white or ink versions exist only for grounds where gold cannot work. Clear space: the height of the N on all sides. Never restyle it as plain text.

RULES THAT KEEP IT PREMIUM

- 1 One gold action per view. Gold Deep is only for hover and small accents, never a second button.
- 2 No emojis, anywhere. Decoration comes from type, spacing, and gold.
- 3 Copy stays terse and confident. One line where one line works.
- 4 Name the casts: 5 to 9, 9 to 12, 12 to 17. Never "ages 5 to 17".
- 5 Reference build: novapa.org/free-class.
Logo files: novapa-logo-on-dark / on-light (PNG + SVG).
